The purpose of The Suitcase Project is to collect gently used or new suitcases and duffel bags from the general public and distribute them to children in need within the foster care system.

The biggest obstacle our organization faces is obtaining storage facilities throughout the state, as DCYF doesn't have any room for storage. Storage is a large expenditure as we need five different regions of the state. DCYF social workers will be given access to the storage units to obtain the suitcases to distribute to foster children.
